LANCE MILLER and BILL MILLER III

KEITH MARTIN

Welcome to the Carlisle PA Fairgrounds and Spring Carlisle. On behalf of our entire staff, we'd like to extend a gracious welcome to you for being part of the 36th Spring event, featuring our ever-popular Collector Swap Meet and Car Corral and our Spring Auction at the Expo Center presented by Auctions America by RM.

If you've been here before, welcome back to America's Automotive Hometown, and if Spring Carlisle is a first for you, thanks for making us part of your weekend. We continue to recognize the fluctuating gas prices and uncertain economy, so your spending time with us means more than words can truly express. Again, thank you.

If you haven't noticed already, Spring Carlisle offers something for everyone, whether you are a fairgrounds first-timer or veteran of the show. Take the next few days to casually browse the unlimited amount of automotive parts, accessories, memorabilia and maybe even a special gem for restoration during the warm summer months.

We have a lot of changes and exciting announcements for 2012 and we want you to be some of the first to know about them. Visit page 14 of this event magazine for a complete breakdown of the nine major points we're excited to share with you.

Finally, in order to improve your experience, we are always interested in hearing feedback, so please take the time to fill out our event survey. It's quick, it's easy and it's online at www.CarlisleEvents.com. You can also pick up a hard copy at Guest Services. Have a great time in Carlisle and remember... "Life is good!"

— Lance and Bill

Welcome to one of America's greatest car events. I am lucky enough to attend dozens of swap meets, concours, cruise-ins and auctions every year, and any Carlisle event is always at the top of my list.

I think it's a combination of the friendly people who organize the event, the huge variety of vendors, the array of cars and parts for sale and the attractive location that makes Carlisle such a winner.

I first met the founders of Carlisle, Bill and Chip Miller, in 1996. I was a member of the panel that decided on the Meguiar's Collector Car Person of the Year, and I remember being impressed by their down-to-earth natures and their deep commitment to the hobby. My first visit to a Carlisle event was in fall 2008, when we shot 13 episodes of "Appraise My Car" in one weekend at the old tractor dealership on the grounds. I met Lance Miller and Bill Miller III at the same time, and we immediately became friends.

I confess that more than once, the producer of that marathon shoot had to send someone out with a golf cart to find me, as I kept going from one vendor to the next in my search for a Saginaw 4-speed to put into my 1964 Chevy Nova wagon restoration project.

Now, my magazines — American Car Collector and Sports Car Market — are pleased to be in partnership with Carlisle to produce the program for all 10 events this year. We will have representatives from the magazines' home office in Portland, OR, at a booth — so stop by and pick up a complimentary copy of American Car Collector and Sports Car Market. I guarantee that it is almost as much fun to read the magazines as it is to look for the car of your dreams at the swap meet!

— Keith Martin

HIGHLIGHTS

AUCTIONS AMERICA BY RM

COLLECTOR CAR AUCTION

The Carlisle Auction, presented by Auctions America by RM, provides the perfect opportunity to purchase or sell your collector car. A large and diverse selection of extraordinary vehicles and our Carlisle Expo Center are the ideal combination for a great selling environment. The Carlisle Expo Center is on K Street, just a block outside of Gate 3.

MANUFACTURERS MIDWAY & SWAP MEET

Visit our partners on the Manufacturers Midway and shop the swap meet. You'll find new product manufacturers, vintage accessories, parts and memorabilia. Vendors are listed by specialty and alphabetically in this directory. Financial services are available inside of Building T.

ARMO NEW PRODUCTS SHOWCASE

We are pleased to welcome the 15th annual Automotive Restoration Market Organization (ARMO) New Products Showcase. ARMO is the SEMA council whose mission is to preserve and promote the automotive restoration industry and hobby. Interested in seeing firsthand the latest and greatest products in the automotive restoration industry? Stop by the ARMO New Products Showcase at the stage.

HOT RODDERS OF TOMORROW ENGINE BUILD COMPETITION

We welcome the Hot Rodders of Tomorrow back for their 2012 Northeast Regional engine build competition. See several teams from schools in Virginia and Pennsylvania compete on Friday and Saturday at the stage.

CAR CORRAL

The car corral is where vendors offer vehicles only (no parts, etc.) for sale. Find classic to late-model vehicles in all varieties of make, model and condition. You can shop, compare and make the deal directly with the owner. Notary services, including temporary tags, are available. All vehicles in the corral are required to be for sale and in running condition.

WORSHIP SERVICE

A non-denominational worship service is held at 9 a.m. Sunday morning in the grandstand. We invite you to join us for the service led by The Salvation Army, our partners-in-faith. Coffee and donuts available. Everyone is welcome and encouraged to attend!

FUN FACTS

The Super Bowl was most recently played in Indianapolis, IN, and the Daytona 500 is held annually in Florida. Those two events stand out as two of the larger gatherings of humanity to have taken place in the United States since the start of 2012. In fact, think about New Year's itself and what Times Square looks like just after midnight. In each instance, a lot of planning, preparation and cleanup goes into the event, both before and after, and what takes place at Carlisle is no different.

If you stack up Spring Carlisle against the aforementioned activities, it ranks third of the four listed, and if you total the humanity for EVERY car-related activity at Carlisle, you're talking about nearly a half a million people. Better yet, if you've ever wondered what it takes to stage an event at Carlisle, you'll get a kick of some of the "Fun Facts" that we plan to roll out over the course of the 2012 events schedule. Of the 10 Carlisle-based events, a small army of men and women work fast and furiously on and off the grounds to assure a positive experience and to make Carlisle one of the cleanest venues of its type in the country.

Through Fall Carlisle, you'll be treated to information that's been compiled by the facilities director, Tim Bowman, and his staff. Some of this information will make you laugh. Some of it will leave you scratching your head, and some of it will have you wondering why or how someone even keeps track of such facts.

FACT 1: Over the course of a season, more than 311 tons — 622,000 pounds — of trash is extracted from the hundreds of blue trash barrels. This total does not include batteries, liquids, tires and metal.

FACT 2: To fill those nearly 600 blue trash barrels, more than 39,500 50-gallon trash bags are used. That means at least 1,975,000 gallons of trash get moved from point A to B between April and October.

In our next edition of Carlisle "Fun Facts," the estimated truth will be revealed about how many hundreds of thousands of feet of paper towels are used and discarded in those blue trash barrels. Here is a hint: The total amount, if converted into miles, is greater than a drive from Carlisle to two state capitol buildings and one city of Brotherly Love. A more detailed breakdown is forthcoming, and each event magazine is available online at www.CarlisleEvents.com for those wishing to follow the fact list over the course of the year.

HELPFUL INFO

IF SOMEONE IS LOST

If you become separated from your party and are unable to contact them, go to the Guest Services Building/Grandstand area and wait for them. We do not page individuals.

WHEN YOU NEED HELP

Our security staff is here to assist you. They collect lost/found items and provide first aid services. The office is accessible by the ramp at the back (north) of the stage. And visit the new Guest Services Building for information and to sign up for our e-newsletters.

HAULING GOODS

To haul merchandise, stop by Guest Services to use a cart or ask about having someone haul it for you to any gate. You may also ship items through Antrim Way Shippers near Gate 3.

SCOOTER RENTAL

Disabled guests are welcome to enter with their own wheelchairs and three- or four-wheeled electric convenience vehicles (ECVs). Disabled individuals with appropriate credentials may rent an electric convenience vehicle or wheelchair from our authorized vendor located just inside Gate 3. ECV rentals are limited, and disabled individuals are encouraged to arrive early to ensure availability of a rental unit. Operators of ECVs are required to possess appropriate credentials while on grounds. Exceptions to this policy will be considered on a case-by-case basis.

You are responsible for maintaining the security of your information and your equipment when accessing the Internet. Carlisle Events assumes no responsibility and shall not be liable for any damages to your computer equipment or other property as a result of your use of this hot spot.

PETS

Pets are strongly discouraged for health and safety reasons. If you cannot make other arrangements for boarding, your pet must be on a leash and policing after it is required. Your pet must be under your control at all times, and you are fully responsible for its actions. Any offensive or unsafe action by your pet may result in expulsion without refund.

TRANSPORTATION

For safety reasons, the use of all personal means of transportation (bikes, scooters, golf carts, ATVs, motorcycles or minibikes, etc.) is forbidden on the Fairgrounds from 7 a.m.-5 p.m. on all show days. No unlicensed drivers may operate these vehicles at any time. Verification of insurance is required.

CONDITIONS

Dangerous conditions can exist on the Fairgrounds. Due to exposure to the weather, areas may become slippery or soft. Due to the nature of the goods displayed, heavy and sometimes dangerous equipment and moving vehicles are frequently present. Carlisle Productions cannot be responsible for the conduct of vendors and patrons entering these premises. Those who enter the Fairgrounds do so at their own risk.

NEW FOR 2012

Over the years, Carlisle Events has transformed the fairgrounds to suit the needs of car show participants and visitors. Following are some things that are new for 2012.

CHANGES ON GROUNDS

Maintenance Has Moved — In the span of a month this past winter, Tim Bowman and his crew relocated from just inside of Gate 3 to the former Army just outside of Gate 5. Their new facility is at least twice the size of their old shop. In addition, they've added a full-time staff member, Dwayne "Buzz" Frey. Buzz had previously worked part time for Carlisle Events.

Guest Services Has Moved — When you need information, or a cart to haul your purchases, visit the new Guest Services location in the building next to the Grandstand — across the aisle from where the trailer was. This building will also house giveaway registration, showfield goody bag pickup and awards check-in at our other events.

More Seating — Additional seating in the form of 15 bleachers will be available at various locations to give you more choices to rest, eat and enjoy the event.

Pop a Top — The corner where the Guest Services trailer was has been converted into a beer garden. It will include occasional live entertainment as well. Thanks to our catering partner Donnie Brown, you have yet another option for relaxing and socializing with friends.

BUSINESS DEVELOPMENTS

Auction Changes — During Carlisle's inaugural partnering with Auctions America by RM in 2011, three-day auctions were held during Spring and Fall Carlisle as well as during Auburn Spring and Auburn Fall in Auburn, Indiana. In 2012, the Carlisle-based auctions will revert back to a two-day format. Auction times will remain the same (3-10 p.m.), and will take place Thursday and Friday of the Carlisle events.

New Events, Part 1 — Beginning this year, Carlisle Events will partner with the Dream Machine Club to co-promote and produce a car show at the Bloomsburg Fairgrounds in Bloomsburg, PA. The ninth annual event runs August 10–12. Visit our website for updated details.

New Events, Part 2 — The 2012 season has barely started, but we're already planning for 2013 and doing so with the addition of an Outdoors show. The yet-to-be-named event will take place in September, likely the weekend after Labor Day, and will feature vendors catering to hunters, anglers and outdoor enthusiasts of all types. Many details of this new event are still being ironed out.

IAC Update — The IAC complex, located nearby on Spring Road has been in the possession of Carlisle Events since 2010. We're working with the Mechanicsburg-based Delta Development Group. They've helped transform the Chocolate Avenue area of Hershey into what it is today. In the end, our goal is to make the property and Carlisle a better place for everyone.

EVENT DIRECTORY CHANGES

New Directory Partnership — Carlisle Events has partnered with Sports Car Market and American Collector Car magazines for production of the event directories. SCM/ACC will handle the majority of the advertising and add some automotive editorial. The directories are still free of charge and will also be distributed to the SCM/ACC subscribers, newsstands and area hotels.

Vendor Lists — We started an effort to list every vendor under at least one category of merchandise that they have for sale to make the shopping experience easier to navigate. This listing is provided AT NO CHARGE to the vendor. Additional categories may be chosen at \$5 each. **By not choosing a category, vendors risk not being found by shoppers.** Also, vendors will continue to be listed alphabetically, but without their city and state.

FAMILY EXPANSION

Carlisle Events was built on the strength of two friends and their respective families. Now with a second generation of Millers at the helm, Carlisle Events would like to recognize growth among our staff members. Since Spring Carlisle wrapped in 2011, our staff has added four new babies. In May, Harold Brandt, our chief financial officer, and his wife, Darlene, welcomed Zack, and six months later in November, our Media Relations Specialist Mike Garland and his wife, Alyson, welcomed Abigail Jane. Not long after in January, Sponsorship and Advertising Coordinator Aubrie Atwell and her husband, Kyle, welcomed Alana Danielle. Finally, Bike Fest and Truck Nationals Event Manager Ed Scholly and his wife, Melissa, welcomed Kassandra Ann in February. Four babies — one boy, three girls and eight very happy parents!

As updates go, that's it for now. We thank you for being part of this and other weekends at Carlisle.

The Spring Carlisle swap meet is a massive affair. It's one of the largest events of its kind in the world, with 8,100 vendor spaces spread over 150 acres. Chances are, if you need a part for your car, you'll find it here. But that's easier said than done, as you've only got two legs, two eyes, and a few days' worth of time. What you need is a good plan. So how do you make the most of the trip to find the parts you need? Here are a few helpful tips to get you headed in the right direction.

1 Get to the Carlisle grounds early. And by early, I mean 7 a.m. — when the gates open. The best deals always go quickly, so if you're bargain shopping, being first to the party can certainly help. And items move fast, so if you come across a car or part you really want or need, buy it before walking away. Thinking about it for an hour will almost certainly mean it'll be gone when you come back. Also, study the map and learn the layout of the swap meet, and try heading to the dead center of the event first, as most people will start hunting near the gate.

2 Be there as the event wraps up. This is just as important as being early, as you'll always run into vendors who simply don't want to take some of their stuff home with them. Prices get cheaper as the event winds to a close. Some of the best deals are always scored in the final hours.

3 Know what you're here to do. Are you buying or selling? It's hard to do both at the same time, so if that's what you're planning, set aside time to buy what you're looking for and time to sell the parts you have.

4 Know what you're looking for. Have a list of items on you to help keep you on track, and know what they look like. Similar-year parts can be hard to tell apart, and you don't want to buy the wrong bits for your project. Also, along these same lines, make sure you hear engines run before laying down any cash. Otherwise, you may end up with a very expensive core to rebuild.

5 Team up. You've got a lot of ground to cover. Why not bring a friend and split up? And if you do, have cell phones handy so you can alert your buddy when you find the perfect part for his project.

6 Remember — everything's a negotiation. Just because the owner of that fastback Mustang is asking \$7k doesn't mean he won't take \$5k. Don't be afraid to make offers. The seller will either say yes or no. That's all there is to it.

7 How are you getting stuff to the car? Or from the car to your house? Hopefully you brought a truck. But if not, do you have a way to keep that oily transfer case from ruining your wife's car's carpet? And say you buy a front fender for a Nova. Are you going to carry it out to the parking lot? Remember, stuff starts to feel heavier every 15 minutes or so. Bring a small wagon if you can, as you can use it to wheel items out. Or you can use a cart at Guest Services for a donation to the Chip Miller Charitable Foundation. Either way, you won't be stuck carrying the parts you buy.

HOW TO DO SPRING CARLISLE RIGHT

ACC tips on where to eat and things to see

There's a lot going on in and around Carlisle, PA, and Sports Car Market magazine polled our readers for the best insider tips on good eats, nice places to stay and things to do when you're not out kicking tires and bargaining for rare parts. Here's what they had to say:

Early and often

- This will be my fifth year going to Spring Carlisle. **Rillo's** (60 Pine St., Carlisle; phone 717. 243.6141) is good for Italian food, and for breakfast I would suggest the **Carlisle Diner** (800 W. High St., Carlisle; phone 717.240.0721). Many people suggest Harrisburg for additional dining options.
- Try to stay as close as possible to the event grounds, as later in the week traffic can be a nightmare. Also, try to park as close as possible to the gates, as it makes toting parts, etc., back to your car easier. Sometimes if you park at someone's house you can prepay for a space for the next day and they'll save it for you.
- Try to get there as early as possible, as you can cover more ground when it's less crowded. The gates open at 7 a.m. Have a plan on how you want to cover the show to help ensure you don't miss anything. If there

are specific vendors you want to visit, find out where they are before you get there.

- I would estimate that I look at less than 25% of the booths. If you don't see anything interesting in a booth, keep walking. The quality of the booths varies tremendously. Some are professional and others look like they cleaned out their garage.
 - If you want to come back to a booth, write down the location (I carry a pad and pen). The booths are marked with tags on the asphalt path, and sometimes it's very hard to find a booth again.
 - You see some people with carts or wagons for their purchases, but they always look difficult to navigate through the crowds, so I usually bring a tote bag.
 - The car corral area is great with a wide range of cars from the '60s, '70s and '80s. The cars in the corral also turn over each day, so you may want to check it out early each morning.
 - Bring lots of cash, and don't be afraid to negotiate with vendors on parts. I hear that you can get some great deals on Sunday, as vendors pack up to leave.

Stay here!

- Take a motorhome and park in the field beside the fairgrounds. It holds hundreds of sites, and it's a great place to meet lots of car people. Also, walk the side streets to see all the stuff and vehicles for sale. Check out the tailgate lots, where you can park your car and buy a sausage and a beer (at Jim's, by the main "vehicles for sale" entrance). You can't have a bad time. — *Hugh Nauman, St. Clements, ONT*

Things to do

- **The Golden Corral** (6476 Carlisle Pike, Mechanicsburg, PA, phone 717.766.6309) buffet is only 10 miles from Carlisle, and they offer great food at a great price. There is a broad selection for the groups that want a little bit of everything — or are just not quite sure what they want.
- **The Army Heritage Trail** at the U.S. Army Heritage and Education Center (950 Soldiers Drive, Carlisle, 17013, phone 717.245.3972) is a great place to see history, and the **Carlisle Sports Emporium**, a giant entertainment complex (29 South Middlesex Road, Carlisle, 17015, phone 717.258.4741), is a great place for the

kids and the whole family.

- Use www.Groupon.com for discounts in the area from 50% to 90% off.
- Use www.HotelPlanner.com for groups that need three or more rooms.
- There are walking tours, golf courses and many other things to do in and around Carlisle, PA. You can learn more here: <http://attractions.uptake.com/pennsylvania/carlisle/787368274.html> — *Curtis Foy, CEO, ClassCar*

Where to eat

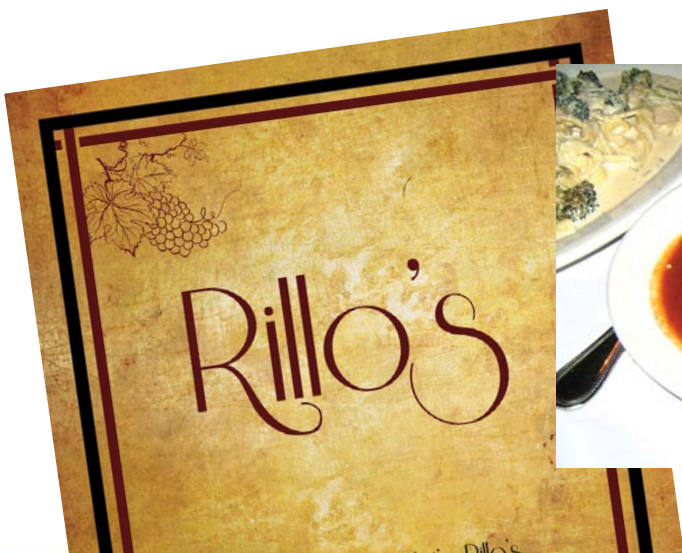

• This is easy to answer, as we have been going to this Italian restaurant for years and the food is very good and a great value: **Vinny's Restaurant** (330 S. Hanover St, Carlisle, PA, 717.249.6417, www.vinnyspizzarest.net). Enjoy! — *Rick Boyd, via email*

I've been participating at the GM Nationals since 2006 with my 1972 Oldsmobile Cutlass convertible.

What a great weekend it is! I can offer two suggestions:

• If you are a participant, register early, as it saves some dollars, and it really streamlines getting in. And also helps the event planners allocate proper spacing for the show. If you have a RV, use the on-ground camper parking option. We stayed for three days and it cost only \$25 for the whole weekend without electric hookup. — *Tony Moller, via email*

THE FUTURE OF THE HOBBY

In various forums, the question is often asked who or what is next? Who will be the next Mike Tyson in boxing? Who will be the next Ronald Reagan in the world of politics? Who will be the next Albert Einstein in the field of science? Automotively speaking, the question is who or what will represent the hobby deep into the 21st century? That question, to some depth, will be answered in 2012 as part of multiple special attractions at the Carlisle, PA, Fairgrounds and the 10 events that encompass the Carlisle Events season schedule.

HOT RODDERS OF TOMORROW

Spring Carlisle annually launches the Carlisle season, and this year it will showcase the Hot Rodders of Tomorrow. The program is industry supported and features high school-aged tech students working as a team to tear down and reassemble a small-block Chevy. The competition isn't just against one another; it's against a clock and under a strict set of guidelines. Last year, more than one million dollars in scholarship money was doled out in total, including more than \$55,000 at Carlisle alone. In addition, the competition sees regional winners advance to the finals in Las Vegas at the annual SEMA show.

YOUNG GUNS

Another major focus at Carlisle during select events is the "Young Guns" showfield classification. This program, in existence since 2008, is designed to group like-minded youths ages 16-25 in one area to provide a forum exclusively for them. "Young Guns" at Carlisle allow the licensed drivers to showcase their vehicles in a parked-by-class setting and takes place at the Chrysler Nationals, Ford Nationals and GM Nationals. At each event, awards are made available to the par-

ticipants, while introducing them in a more structured way to a showfield environment.

DIESEL TECHNOLOGIES

New to Carlisle in 2012 is a feature that will undoubtedly spark the interest of both the youth audience as well as the adult crowd. The Clarion County Career Center is located in Shippensburg, PA, and is responsible for six very unsuspecting customized trucks. Obtained via donation or loan, the Diesel Technologies class, composed of 15-18-year-old students, tears down the truck to its frame and builds it back up. As an added bonus, trucks are customized and shown at the Mid-American Truck Show in Louisville, KY. Following the show, trucks are either returned to their owner or sold off with proceeds going back into the school. CCCC, their students, instructor and at least three rigs will be on display during the Truck Nationals, August 3-5.

AUTOMOTIVE RESTORATION DEGREE

McPherson College in Kansas offers an array of academic programs, but the one that best fits at Carlisle is its Automotive Restoration department. McPherson is the only accredited institution in the world to offer a four-year bachelor's degree in automotive restoration. Most recently, the Pennsylvania College of Technology in Williamsport announced that it will add a two-year degree for automotive restoration technology. Its program will begin this fall.

A key to the success of the students and the McPherson program is that the students attend events nationwide, such as those at Carlisle, where they can experience the full scope of the strong and vibrant collector car hobby. According to Amanda Gutierrez, vice president for advancement at McPherson, "We want young people to learn not only about the preservation of the vehicle itself, but also the rich social and cultural history that each car represents."

In all, Carlisle Events strives to provide a forum for not only the future of the automotive industry, but also for its past and present. Because of that, each of our 10 events embraces a certain aspect of the industry, and whenever possible, showcases it for the nearly half a million enthusiasts who travel to Pennsylvania's Automotive Hometown throughout the season.

Here are the 10 best buys of the past four years at Carlisle, as determined by American Car Collector magazine:

1 1972 De Tomaso Pantera
 SOLD at \$25,440
 Carlisle Events, Carlisle, PA, on April 22, 2010
Lot#: F150
Chassis #: THPNMB02414
Odometer: 28,474
Condition: 2-

Condition Details: Older glass-in repaint with numerous indications of masking and prep issues. Non-functioning later-model air grilles added to hood; original chrome and brightwork presentable. Interior original and tidy apart from a taped-up steering wheel center pad. V8 nicely detailed and heavily built-up for performance, topped off by a rebuilt original Holley and performance air cleaner.

Market Opinion: Darn, if this wasn't a good deal on a great driver-quality Pantera. No indications of rust, past or present, and all the mechanicals had been gone through. If this was as good as it looked in every other respect, I'd have call it quite well bought indeed.

2 1958 Cadillac Series 60 Special
 Fleetwood
 SOLD at \$20,140
 Carlisle Events, Carlisle, PA, on April 22, 2010
Lot#: T42
Chassis #: 58M101414
Engine Type: V8
Transmission: 4-speed automatic
Odometer: 79,060
Condition: 3+
Condition Description: 365-ci V8, 4-bbl, auto. Original

main body finish somewhat faded, oxidized and buffed-through in places. White roof possibly redone at one time. Original chrome and brightwork very presentable with only minor pitting. Star crack in windshield. Original interior with good patina, cloth shows little wear. Engine compartment detailed a few decades ago and still shows nicely.

Market Opinion: An excellent driver-quality car from any angle. There's nothing like an unmolested car, especially when it's a one-year example of the species. The mileage was believable and the care was obvious, despite the toll that more than half a century had taken. A Fleetwood for DeVille money. Nicely bought.

3 1975 Triumph TR6
 SOLD at \$8,525
 Auctions America by RM, Carlisle, PA, on April 30, 2011
Lot#: 312
Chassis #: CF36202U
Odometer: 65,974
Condition: 2

Condition Description: Possibly original finish with only light touch-ups and a single hand-laid stripe down both sides. Nice original chrome and brightwork uniformly well-cared-for. Interior original, carpet lightly faded, steering wheel crudely wrapped. Engine compartment tidy and very original, with recent careful cleaning and maintenance evident.

Market Opinion: So it is possible to keep a TR6 nice and original. Fitted with overdrive, tonneau cover and in great survivor-quality shape, this was a home run for the buyer. It may have been the best buy of the entire auction.

ACC 1-6 scale condition rating

- 1. Perfect:** National show standard
- 2. Excellent:** Club show-worthy, some small flaws
- 3. Average:** Daily driver in decent condition
- 4. Meh:** Still a driver, with some visible flaws
- 5. Questionable:** A problem-plagued beast that somehow manages to run
- 6. Lost cause:** Salvagable for parts

4 1987 BMW M6
 SOLD at \$15,675
 Auctions America by RM, Carlisle, PA, on April 30, 2011
Lot #: 363
Chassis #: WBAEE1400H2560492
Odometer: 84,568
Condition: 2
Condition Description: Amazing original paint or over-the-top refinishing of a straight original car. Windshield seals and other body rubber look newer. Small ding in left rear of roof. Chrome and brightwork exceptional throughout, with no sign of restoration. Interior dry, driver's seat and steering wheel the most distressed, but nothing a careful re-dye couldn't fix. New TRX tires on factory alloys a big plus. Engine bay tidy with signs of original Dinitrol spray on the big six.
Market Opinion: There was a lot to like here. This was a wonderful car presented well — a light interior renovation will probably make it one of the best in the world. The reserve came off with plenty of wiggle room for the new owner to do just that and still make out like a bandit. Well bought.

5 1932 Chevrolet Confederate
 SOLD at \$20,738
 Carlisle Events, Carlisle, PA, on April 23, 2009
Lot#: F196
Chassis #: 2987365
Odometer: 19,538
Condition: 2-
Condition Description: Older repaint of an otherwise amazingly original car. Chrome and nickel excellent for the age and appear not to have ever been replated. In-

terior stunningly original with all materials correct and showing little to no wear. Instruments very crisp and clear. Engine bay not detailed but remarkably clean and smooth-running.

Market Opinion: They're only this original once, and with just one repaint evident on the entire car from new and mileage that was believable, this was a stunner. Well bought for the condition and preservation displayed.

6 1985 Porsche 911 Carrera
 SOLD at \$17,325
 Carlisle Events, Carlisle, PA, on April 23, 2009
Lot #: T3
Chassis #: WPOAB0919FS12732
Odometer: 84,271
Condition: 2-

Condition Description: Very presentable original paint, with typical chipping to mirrors and front valance. Factory front and rear spoilers correct, original interior presentable as well with only light wear to driver's outer bolster. Engine bay exhibits maintenance but no restoration. All in all, a very honest package.

Market Opinion: For the third car out on Thursday, this was an exceptionally original piece that found a new owner for a very fair price. I've bought and sold a few nice Carreras like this with similar miles, and this is how I like them: sehr fahrbereit — ready to drive.

7 1966 Cadillac Fleetwood Brougham
 SOLD at \$12,190
 Carlisle Events, Carlisle, PA, on April 22, 2010
Lot #: T83
Chassis #: P6185944

Odometer: 39,517

Condition: 3+

Condition Description: 429-ci V8, 4-bbl, auto. Older repaint over a comprehensively original car. Finish heavy with some lacquer bubbling. Weatherstripping somewhat rough throughout. Original chrome exhibits light spidering, brightwork still presentable. Black vinyl top original and well preserved, maroon brocade and leather all original and quite amazingly kept. Very highly optioned car includes AM/FM stereo as well as power windows, locks, seat, tilt, cruise and more. Engine bay sports older detailing and newer a/c.

Market Opinion: The second year for the Brougham package, this black 1966 Fleetwood was elegant with its walnut trim and picnic trays inside, and it had nearly all the options Cadillac offered for the year. A bit tatty outside, but the mileage and apparent care more than made up for it. Well bought.

8 1968 Buick Electra 225

SOLD at \$10,600

Carlisle Events, Carlisle, PA, on April 22, 2010

Lot#: T91

Chassis #: 484578H342631

Odometer: 88,378

Condition: 2

Condition Description: 430-ci V8, 4-bbl, auto. Single repaint without issues on a highly-optioned and very original car. Body straight and sound with good gaps. Chrome, brightwork, trim and vinyl top likewise amazingly well preserved. Interior still near mint throughout and heavily optioned with a/c, Speed Alert, tilt wheel, and power windows. Engine compartment detailed to a high standard.

Market Opinion: I found little fault with this particular car, and that made its low sale price strike me as odd. Why would one want a stripped-down 325- or 350-hp Chevelle 396 2-dr hard top when this was just credit card money? This was perhaps the buy of the sale.

9 1976 Rolls-Royce Silver Shadow

SOLD at \$9,135

Carlisle Events, Carlisle, PA, on April 23, 2009

Lot #: F177

Chassis #: SRE23726

Odometer: 28,857

Condition: 3+

Condition Description: Older pearl white respray heavy in places and cracking lightly. Chrome and brightwork older but well preserved. Interior nice but shows it was re-dyed from a darker color. Wood appears redone. Engine runs smoothly, a/c blows cold.

Market Opinion: I was interested enough in this to fire it up. Everything checked out, and it was reasonably presentable. Bidding was light, and surprisingly, the reserve came off when interest in the room petered out. Very well bought.

10 1947 Cadillac Series 62

SOLD at \$7,875

Carlisle Events, Carlisle, PA, on April 23, 2009

Lot #: T90

Chassis #: 8445738

Odometer: 57,697

Condition: 3

Condition Description: Original paint throughout. Chrome original and scratched, but with little pitting evident. 1960s-era white sidewall spare in trunk, 1980s radials on the wheels. Original interior well preserved, front seat covered by period seat cover. Engine compartment slightly crusty but original.

Market Opinion: A nice period piece without the usual rust. Cars like this will always draw a crowd. This was a cheap way into the barn-find club, and it will also tour well. A good buy at the price paid.

LIVE ENGINE COMPETITION

2012 NORTHEAST COMPETITION

The Hot Rodders of Tomorrow is a high-school-level engine build competition. Students compete for time and accuracy as they tear down an engine and rebuild it. Schools in the Mid-Atlantic and Northeast regions are eligible to compete in the regional battle. Finals for each regional winner are held during the 2012 SEMA show in Las Vegas. This is a great program with a lot of automotive industry support.

Over one million dollars in scholarship money was made available in 2011, including money simply for participating. Visit hotroddersoftomorrow.com for more information.

At the 2011 SEMA Finals, the University of Northwest Ohio, the School of Automotive Machinists and the Ohio Technical College teamed up to offer nearly \$1,000,000 in scholarship money, with \$10,000 going to each student on the first place team.

Finals Financial Breakdown

- 1st Place – \$10,000 per student
- 2nd Place – \$9,000 per student
- 3rd Place – \$8,000 per student
- 4th Place – \$7,000 per student
- 5th Place – \$6,000 per student
- 6th – 10th Place - \$5,000 per student

The teams competing on **FRIDAY AND SATURDAY AT THE STAGE** are: Burton Center for Arts & Tech - Salem, VA; Cumberland Perry AVTS - Mechanicsburg, PA; Fauquier High School - Warrenton, VA; Franklin County Career & Tech Center - Chambersburg, PA; and York County School of Technology - York, PA.

AUTOTRADER CLASSICS

AutoTraderClassics.com is the best place to fuel your passion for classic cars. With AutoTraderClassics.com, you can search thousands of classic cars from dealerships and private sellers, find a comprehensive inventory of both parts and accessories for maintenance, restoration and even custom builds of classic vehicles, and list your classic car for sale to reach over a million shoppers every month. AutoTraderClassics.com also provides enthusiasts with a one-stop shop for resources on how to select, appraise, finance, purchase, transport and maintain the car of your dreams. Plus, there's always in-depth editorial content, classic car photos and information about events across the country. That's AutoTraderClassics.com...the Preferred Collector Car Marketplace of Carlisle Events.

GUMOUT

Since 1945, Gumout® Performance Products has been the trusted automotive expert for some of America's finest retailers. Gumout® delivers the technology with products blended specifically to clean, protect and enhance critical parts of your car. Our products are designed with the expertise of an array of scientists, with years of experience in developing fuel and engine additives for today's drivers and specialized users. Gumout® Fuel Additives, including our Fuel System Cleaners and Fuel Injector Cleaners, remove deposits resulting from low-quality gasoline, allowing a vehicle's critical parts to work more efficiently. A number of our products can even prevent future deposit build-up, which helps restore the engine to peak condition and maintain its performance for years to come. With a comprehensive range of product formulations for just about any type of car, truck, diesel or flex-fuel vehicle, we're your one-stop vehicle maintenance supplier. Get the most out of every mile with Gumout.

HEACOCK

Have you ever wondered what collector car insurance is all about? It's simple: passion. Heacock Classic

Insurance knows that collector cars receive better care and are driven less than the family vehicle, therefore, classic car insurance rates are lowered. Their goal is to offer a custom, low-cost program designed to fit your needs. Collector car insurance from Heacock Classic provides "Agreed Value" coverage, full coverage during restoration, coverage for modifications, and your right to choose your own repair shop if your car is damaged. You also get to choose zero deductible and automatically get \$50,000 coverage for 30 days when you purchase a new classic car. After you request a quote, a status report is usually ready within 24 hours. Then, they will contact you to review it and hopefully activate your new insurance policy. It's simple, easy and the best way to properly protect your investment. Call them today at 800-678-5183 or go online at www.HeacockClassic.com.

MEGUIAR'S

For over 100 years, Meguiar's has shared its passion and pride for the car hobby and for making cars appear "show-car perfect." They provide quality products for every surface of your vehicle — inside and out. Meguiar's Customer Care Center is available six days a week to answer any car care questions you have at 800-347-5700. Or, join the discussion on Facebook or their online discussion forum at www.meguiarsonline.com. "People who love cars love Meguiar's."

ROCK AUTO

RockAuto ships thousands of auto parts from over 200 manufacturers to customers on every continent except Antarctica — including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies such as steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

VENDOR FEATURE: TOM PETTY

Early mornings during Spring and Fall Carlisle have a certain peace about them. During both, there is a chill in the air. At spring, the leaves are beginning to sprout on the trees, while the fall event displays an array of colors both on the ground and on tree branches. Darkness also lasts a little longer during these events than it does at others. However, the Carlisle, PA, Fairgrounds are always illuminated in a special way by one unique vendor. A way so special, in fact, that his vending space can be seen from just about every portion of the grounds.

Meet Tom Petty! No, not the guy from Gainesville, FL, who might still be free falling from that last dance with Mary Jane; this one is from Michigan and sells neon signs and vintage-style collectibles. On show days, Tom's display is fully wired and up and running before the sun, just like Tom himself.

"You've got to be better than everyone else," Petty said. "I like to be first, and I've found that being aggressive with my setup is the best way to go about that. I've been in sales for years, and I'm sure the other vendors like to sell their items as much as I do, but it's just my nature."

Petty is 68 years old and has been retired since 1991, when he was 47. "I've been self-employed for over 40 years, and I'd like to think that has helped get me where I am today," he said. "I'm a car guy and love interacting with people. That's the one thing about Carlisle and the other shows that I do; the people who attend are like-minded and we share a lot in common."

So how did Tom get to retire before the age of 50? In a nutshell, hard work! Tom worked in retail sales, including hardware stores. He built commercial buildings, has worked in excavation and trucking. Tom being a people person obviously paid off, and his people were very good to him, because once you get to know Tom, you know he's good in return.

Tom's been coming to Carlisle for only three years and

notes that while he does enjoy making money, "I couldn't imagine *not* coming to Carlisle at this point. I wish I'd have started coming sooner." Along with Carlisle, Tom has been vending or attending at the Auburn, IN, shows for 20 years. Again, neon signs are his meal ticket.

Speaking of those neon signs, just how many does he go through? Over the course of a year, Tom invests in his product by importing multiple full-sized 40-foot containers with 250 to 300 neon signs inside. Although the style of his product remains mainly unchanged, he does make sure to change the content to some extent, claiming that, "I have to change my inventory to keep people coming back." Coming back they do, as Tom nearly sold out of his allotment of signs at Fall Carlisle in 2011 before the final day of the event took place.

Personally, Tom likes boats (he has owned 17) and is a self-professed picker. He adds that "I'm always on the hunt. Sometimes I buy for myself and sometimes I buy to sell." Of course, behind every good man is a good woman, and Mrs. Petty has stood by his side for 45 years. Together, the couple has two grown children.

Tom's passion for selling and buying has reached such a fever pitch that he recently got rid of one van and upgraded to a larger hauler. He simply couldn't carry all of his wares with him. Between his signs, boats and automotive collection, Tom realizes that he still must hustle to stay ahead. He builds some bigger-than-normal signs to complement the ones he sells, and they are equally as popular.

So, if lighting up a vending spot like it's New York City is Tom's idea of work, what does he do for fun? Being retired like he is, Tom provided a majority of the content for this piece from the deck of his rental home, which overlooks the Atlantic Ocean in Fort Lauderdale, FL.

Tom has made it back from Spring Break in time for Spring Carlisle, and you can find him in spaces D-116 to D-124, along the pond at the Auburn Auction Park, and online at www.vintageadvertisingneon.com.

As the 2011 schedule of Carlisle Events came to a close, rare and classic car collectors weren't the only recipients of a good deal. The Salvation Army of Carlisle received a welcome gift of not only funds, but also the support of Giant Foods.

The Fall Carlisle Auction, presented by Auctions America by RM, offered a great deal of excitement, and once again, Giant Foods stepped up and showed their generosity and community support to The Salvation Army by offering for auction a beautiful 2006 Ford Escape. This is the fourth time that Giant Foods has donated a car to the auction to benefit The Salvation Army.

Chris Brand, manager of public and community relations said, "Living here, giving here' is our motto. We hope the event helped to raise awareness about hunger and those in need." Brand also described a recent tour of The Salvation Army's various facilities with President Rick Herrick, and discussed how impressed they are with the level of organization and efficiency within programs that include housing, adult care, the kitchen and more. "People should really stop by and see, firsthand, what they do and what is going on down there."

The immaculate Ford Escape was a winner, raising \$11,500 when the gavel struck. Previously, Giant Foods has donated vehicles to Carlisle's Auction, including in 2006, 2008 and 2009. When asked if this was a tradition that Giant will commit to continuing, Brand said yes. "The vehicles are donated from our fleet of company cars. Meticulous records are kept of mileage, every oil change and maintenance visit. All repairs are noted as well, and the cars are kept clean." When one of the fleet has reached the designated mileage allowed, it becomes available and is prepared for donation to the auction.

Carlisle Events co-founder Bill Miller Jr. has served on the board of The Salvation Army for eight years and is also one of their strongest advocates. Miller can tell you at any given time the many ways The Salvation Army aids the needs of their community — and just what they are in need of most.

Miller said, "People don't realize how much The Salvation Army does until there is a disaster and it is

Winning bidder Steve Lash (left) and Carlisle Events co-founder Bill Miller Jr. Photos by Christine Harrigan-McIlhenny

publicized. But they help many people every day of the year. Much money is needed right now because they have depleted so many funds with all the flooding lately."

When asked about his expectations for the Escape, Miller replied, "I hope people will bid with their hearts tonight, and not with their wallets! This is a very nice car, and all of the proceeds will go directly to the Carlisle Salvation Army."

Collector Steve Lash, of Lakeland, FL, specializing in the acquisition and sales of classic convertibles, was the winning bidder of the Escape. Lash is also a strong advocate of The Salvation Army. Prior to Friday night's auction, Lash offered a substantial donation directly to Miller, asking him to please see that it makes its way to The Salvation Army officers. Miller made Lash aware of the Ford Escape from Giant Foods, with the request that he consider the car when it hit the block. Impressed with the car and its condition, Lash outbid other participants and won the car with the confidence that he will be able to resell it.

According to Maureen Mahr, Salvation Army business manager, there has been a significant increase in the amount of those in need of Salvation Army services. "It has been a very difficult year. The poor economy is just one of the reasons we are seeing higher attendance. The loss of jobs and less disposable income are others. Funding has fallen off, and government programs have been cut, which affects grant funding."

"Despite these difficulties, the Carlisle community has been very supportive. Bill Miller not only serves on the board, he also serves on several committees, stops by frequently to see that things are running smoothly, and represents us at public functions such as the Spring and Fall Carlisle Auction."

For more information about donating your vehicle to the Spring or Fall Carlisle Auction, with Auctions America by RM, please contact Carlisle Events at (717) 243-7855.

USE YOUR GUMOUT MOTORHEAD

SCIENCE VS. HYPE.

Gumout Regane® helps get rid of gunky buildup, restoring lost fuel economy and engine performance.

Without Gumout®, gunky buildup collects in fuel passages and injectors, which can cause poor combustion.

GUMOUT REGANE® COMPLETE FUEL SYSTEM CLEANER CUTS FUEL ECONOMY-ROBBING DEPOSITS BETTER THAN THE LEADING BRAND.

10X the detergent

Cleans 6 of 6 fuel system parts

Remains effective for 10 fill-ups
